Q&A

Q: Is the HydraMudRevive Mud Hair Mask good for all hair types?

A: Yes, it is suitable for all hair types.

Q: Can I put the hair mask all over my hair?

A: Your aim should be to distribute your hair mask as evenly as possible throughout your hair. However, there should also be a focus on the most damaged parts of your hair, which will usually be the ends. In order to spread the mask evenly through your hair, use your fingers to comb the mask through.
