TEAM COMMISSIONS

Boost Your Income Every Week!

New enrollments, à la carte orders, and special kits contribute to Team Commission weekly. Volume attributed to every order is clearly detailed for every product and every enrollment pack.**

- **How to Qualify:**

Must be Active and Qualified to be eligible for Team Commissions.

- **How to Earn Points:**

As volume is generated and accumulates, it is matched with volume on the opposite leg to earn cycle bonuses. For every 50 volume, a .5 point is rewarded.

| Order Volume (V) | Points Earned |
|---|---------------|
| 50 - 99 V | 0.5 Point |
| 100 - 149 V | 1 Point |
| 150 - 199 V | 1.5 Points |
| 200 - 249 V | 2 Points |
| 250 - 299 V | 2.5 Points |
| 300 - 349 V | 3 Points |
| 350 - 399 V | 3.5 Points |
| 400 - 449 V | 4 Points |
| 450 - 499 V | 4.5 Points |
| Countless Points, Endless Possibilities! | |

Cycles will be generated at every increment of five points on the weak leg matched with five points on the strong leg. As additional points are accumulated, additional cycles can be triggered from new weekly volume and any carryover volume not used in the prior week to generate cycle bonuses up to the earnings cap relative to the Ambassador's rank. For Example: When an Ambassador has 5 points on the left and 5 points on the right, it triggers a cycle bonus equal to \$50 dollars.

Cycles from Accumulated Points

| Cycles in 1 Week | Bonus Amount | |
|------------------|------------------|-------|
| 1 | \$50 | \$100 |
| 2 | \$100 | \$200 |
| 3 | \$150 | \$300 |
| 4 | \$200 | \$400 |
| 5 | \$250 | \$500 |
| 6 | \$300 | \$600 |

Terms & Conditions:

Points are accumulated from multiple Members and Ambassadors within an Ambassadors organization. Ambassador purchases will be accumulated and awarded to the Placement leg they are placed on within a Placement Tree.

*Some Membership Enrollment kits generate both weekly Team Commission volume and monthly Squared Bonus volume. In the case of the launch packs for example, the portion of the pack related to the normal monthly fee is credited to the SquaredBonus at a value of 50 or 100 volume. The remaining volume is allocated to the weekly Team Commissions.

Member purchases will be accumulated and awarded to the lesser volume leg of the enrolling Ambassador. These will roll up through the enrolling Ambassadors Placement leg.

Active Ambassadors are eligible to Bank Volume (accumulate volume) from enrollment pack purchases or any al la carte purchases if they are Active in the current week.

SQUARED BONUS

Earn Bonuses by Sponsoring Ambassadors and Members!

The Squared Bonus is paid based upon the number of active Members in both your right and left legs PLUS the total Enrollment Tree volume from multiple legs. So for example, 5^2 is attained by having 5 active Members on your left team and 5 active Members on your right team.

In the first three ranks at 5^2 , 10^2 and 25^2 , the Squared Bonus can be earned when an Ambassador accumulates Members on their left and right legs equal to the amount of the rank, inclusive of members in both your enrollment tree and Binary tree.

Ranks above 25^2 require cumulative Membership volume within their ENROLLMENT / LINEAGE organization equal to the amount required by rank.

For example, at 50^2 , you must have 50 active Members on your left leg and 50 active Members on your right leg AND at least 100 in total enrollment/lineage volume with no more than 50% of the total required (no more than 50) contributed from any one line of enrollment/lineage. The total lineage requirement can be contributed by any number of lines of 2 or more, and can be in either leg to meet the requirements of the rank. In other words, you can have most of the lineage on one side in multiple lines and qualify, provided the total active Member account is attained on Left and Right teams.

How to Qualify for Your Bonus:

- Be Active and Qualified.
- Each Ambassador or Member must generate 100 Volume (V) monthly to count towards a squared number.

| Squared Tiers | Requirement | Payout |
|---------------|--------------------------------------|-----------|
| 5 Squared | 5 on Right Leg / 5 on Left Leg | \$ 50 |
| 10 Squared | 10 on Right Leg / 10 on Left Leg | \$ 200 |
| 25 Squared | 25 on Right Leg / 25 on Left Leg | \$ 500 |
| 50 Squared | 50 on Right Leg / 50 on Left Leg | \$ 1,000 |
| 100 Squared | 100 on Right Leg / 100 on Left Leg | \$ 2,000 |
| 250 Squared | 250 on Right Leg / 250 on Left Leg | \$ 5,000 |
| 500 Squared | 500 on Right Leg / 500 on Left Leg | \$ 10,000 |
| 1000 Squared | 1000 on Right Leg / 1000 on Left Leg | \$ 20,000 |
| 2000 Squared | 2000 on Right Leg / 2000 on Left Leg | \$ 36,000 |

Terms & Conditions:
